Ask good questions | Give great answers

2016 C&S COMMUNITY INVOLVEMENT REPORT

“WE HOPE THIS REPORT WILL INSPIRE YOUR OWN THOUGHTS ABOUT THE CHALLENGES FACING OUR WORLD...”

WE DELIVER FOOD...AND FOOD FOR THOUGHT.

On behalf of all of us at C&S Wholesale Grocers, I am pleased to share our 2016 C&S Community Involvement Report with you.

In these pages, you'll learn how our company's citizenship programs deliver value to our business, inspire and engage our employees, and create positive outcomes in our communities. Through a series of questions and answers, we'll detail how we're working to make a difference in four key areas: Hunger, Children and Communities, the Environment, and Volunteerism. We've included "Measuring Up" sections that provide concrete metrics about our progress in these areas.

Throughout the report you'll also find "Food for Thought" sections that we hope will inspire your own thoughts about the challenges facing our world and what all of us can do to meet them.

Most of the credit for C&S's community involvement success belongs to our employees. Their talent, dedication, and hard work enable us to do more for our customers and our communities.

I hope this 2016 Community Involvement Report will indeed provide you with "Food for Thought." As always, your feedback is encouraged and appreciated.

Rick Cohen
Chairman and
Chief Executive Officer

TABLE OF CONTENTS

Disaster Response	18
About C&S	20
Mini Grants	22
Partial List of Grantees	25

WHAT DID C&S DO IN 2016 TO MAKE A DIFFERENCE?

A

QUITE A LOT.

FOUR PILLARS, 12 MONTHS

In 2016, C&S continued our commitment to doing as much good as possible in the four "pillars" of our corporate citizenship focus.

HUNGER

250 MILLION POUNDS

of fresh foods and vegetables donated to food banks in our communities

CHILDREN AND COMMUNITIES

1,300 BOOKS

provided to children to encourage learning and literacy

VOLUNTEERISM

35 PROJECTS

accomplished in our communities during National Volunteer Month in April

ENVIRONMENT

22,524 TREES

planted in partnership with The Conservation Fund to partially offset our carbon footprint

WHAT IS C&S DOING TO END HUNGER?

EVERYTHING WE CAN.

ONE IN EIGHT AMERICANS

is living with hunger and food insecurity. That's more than 42 million people, including 13.1 million children. Since 2001, C&S has been partnering with America's leading hunger organizations, providing both food and financial support to help end hunger.

FEEDING AMERICA

Feeding America is the nation's largest hunger relief organization. Its nationwide network of more than 200 food banks feeds millions of people through food pantries, soup kitchens, shelters, youth programs, senior centers, and other community-based agencies.

As a designated Leadership Partner of Feeding America, C&S is proudly providing food and funds to two dozen food banks across the U.S.

Funding to Feeding America at the national level recently included support for the Backpack Program at ten food banks in places with the highest rates of child food insecurity.

CONGRESSIONAL HUNGER CENTER

Congressional Hunger Center works to make domestic and international hunger a priority to policymakers in the U.S. government and to develop a new generation of leaders to fight against hunger and poverty. Imani Marshall (pictured) is a CHC fellow who educates mothers in New Orleans about a program that makes fresh produce more affordable for families receiving food assistance.

With the most recent financial contribution from C&S, the 23rd class of Bill Emerson National Hunger Fellows will conduct six months of field work in six states at 11 community-based organizations.

SHARE OUR STRENGTH/ NO KID HUNGRY

Share Our Strength/No Kid Hungry works to end child hunger in America by connecting kids to effective nutrition programs like school breakfast and summer meals. Their No Kid Hungry campaign also engages the public to make ending child hunger a national priority.

Recent support from C&S helped expand summer meals programs for children from low-income families. In addition to national initiatives, we funded projects in six states where our company operates and a Cooking Matters program in Massachusetts, where C&S has several distribution centers.

FOODCORPS

FoodCorps' mission is to work with communities to connect kids to healthy food in school. Service members spend one year with teachers and students to establish farm-to-school programs, incorporate nutrition education into school curricula, plant school gardens, and engage in other initiatives to improve school food.

A 2016 grant from C&S helped place four FoodCorps members in Head Start centers in New Jersey, provided 3,700 books about nutrition and healthy eating to 550 schools. We sponsored the Victory Growers Award, and supported training programs for 205 FoodCorps service members.

FOOD FOR THOUGHT

Programs like school breakfast and lunch, afterschool and summer meals help feed kids year round—effectively turning schools into “Nutrition Hubs” for millions of children. Schools have the expertise, experience, and infrastructure to provide healthy meals to kids in high-need areas.

HOW YOU CAN HELP

Chances are you know someone who lives with hunger or food insecurity. Get involved by donating or volunteering with groups like these or others in your community:

- Feeding America
- Share Our Strength/No Kid Hungry
- FoodCorps
- Congressional Hunger Center

FILLING BACKPACKS... AND TUMMIES

This year, as we have for more than a decade, we awarded grants to food banks in our local communities to support the Backpack Program, which alleviates weekend hunger among children faced with food insecurity by filling backpacks with nutritious food.

8,120 TURKEYS DONATED TO 26 FOOD BANKS

During November, C&S donated turkeys to food banks in the Feeding America network. Employees donated an additional 3,027 turkeys, which were a welcome centerpiece on holiday tables. In total, we provided approximately 320,000 meals for people in need.

TAKING DIRECT ACTION AGAINST HUNGER

During Hunger Action Month in September, employees of C&S and our family of companies donated more than 26,200 pounds of food in our annual Food for Kids drive. C&S matched each pound collected from our employees with a \$1 contribution to Feeding America for child hunger initiatives.

HUNGER DOESN'T TAKE A SUMMER VACATION

Since 2011, C&S has been supporting summer meals programs for kids with donations of paper goods.

We originally sought to donate food but quickly learned that the logistics of all the varied meal programs made this problematic. However, we found that a donation of serving supplies was valuable, including paper plates, napkins, utensils and cups, which saved money for the meal programs, allowing them to serve more kids.

MEASURING UP IN 2016

13 MILLION meals donated to food banks (estimate based on USDA calculations)

13 TONS of food donated by C&S employees

19,000 CHILDREN at 145 elementary schools received free meals thanks to C&S grants

7,800 CASES of paper goods donated to 797 summer meal sites to help serve free meals to more than 47,000 children

HOW DO WE HELP OUR CHILDREN AND COMMUNITIES?

UNITED IN SUPPORT OF OUR COMMUNITIES

Thinking locally is nothing new for C&S. We are deeply committed to supporting the communities where our employees live and work. One of the most effective ways we do that is by matching employees' donations the United Way.

For almost 130 years, United Way has been a unifying force that brings together community leaders, organized labor, faith-based groups, corporations, and nonprofit organizations.

Together, the United Way helps to create change that uplifts entire communities.

We're proud to support these United Ways, among others:

ALABAMA
River Region United Way

CALIFORNIA
United Way California Capital Region
United Way of Fresno & Madera Counties
United Way of San Joaquin County

CONNECTICUT
United Way of Central & Northeastern Connecticut

FLORIDA
Heart of Florida United Way
United Way of Miami-Dade
United Way of Northeast Florida
United Way Suncoast

HAWAII
Aloha United Way

IOWA
United Way of Muscatine

LOUISIANA
United Way of Southeast Louisiana

MASSACHUSETTS
United Way of Hampshire County
United Way of Massachusetts Bay & Merrimack Valley
United Way of Pioneer Valley

MARYLAND
United Way of Central Maryland

NEW HAMPSHIRE
Monadnock United Way

NEW JERSEY
United Way of Central Jersey

NEW YORK
United Way of Dutchess-Orange Region
United Way of the Valley & Greater Utica Area

OHIO
United Way of Sandusky County
United Way of Warren County

PENNSYLVANIA
DuBois Area United Way
United Way of Berks County
United Way of the Greater Lehigh Valley
United Way of York County

SOUTH CAROLINA
Trident United Way
United Way of Greenville County

TEXAS
United Way of Greater Houston

VERMONT
United Way of Windham County

WHOLEHEARTEDLY.

FOOD FOR THOUGHT

Imagine a technology that allows doctors to detect cancer-causing mutations in patients' DNA—and develop personalized treatments at the genetic level. This is no dream. With support from C&S, Dana Farber researchers launched a clinical study called iCat1 (Individualized Cancer Therapy) that is showing promising results in the treatment of cancer in children.

HOW YOU CAN HELP

You can help dozens of local charities and nonprofits with one donation to your United Way. It's the easiest way to help thousands of people in your community.

TEERING UP FOR KIDS

They came, they played, and they brought hope and smiles for kids whose lives have been impacted by cancer or by hunger. The 31st C&S Charities Golf Outing raised more than \$1.7 million for six nonprofit organizations devoted to pediatric cancer and childhood hunger issues.

CHILDREN'S HOSPITAL AT DARTMOUTH

(Lebanon, NH)
\$450,000 for care and treatment of children in the pediatric oncology unit

HOLE IN THE WALL GANG CAMP

(Ashford, CT)
\$175,000 for camperships

JIMMY FUND/DANA-FARBER CANCER INSTITUTE

(Boston, MA)
\$200,000 for pediatric cancer research

In 2016, our company added a new charity golf outing in South Carolina which raised more than \$40,000 for the **LOWCOUNTRY FOOD BANK**.

FEEDING AMERICA

(Chicago, IL)
\$425,000 for the national Backpack Program and child hunger initiatives

SHARE OUR STRENGTH

(Washington, DC)
\$400,000 for the No Kid Hungry campaign

THE FOOD BANK OF WESTERN MASSACHUSETTS

(Hatfield, MA)
\$50,000 toward providing food for children in high-poverty communities

MEASURING UP IN 2016

FIRST BOOKS ARE LIFE CHANGING

When you give a child a book, it can open a world of ideas and possibilities. First Book, a national nonprofit organization, provides children from low-income families access to new books. In 2016, C&S again partnered with First Book on several key projects. Together we donated new books for children enrolled in the Backpack Program through five different food banks and engaged teams of our employees to read to elementary school students.

WARMEST WISHES COME TRUE

The annual C&S Holiday Good Works initiative provides an opportunity for employees to enjoy the holiday spirit by giving back to our communities. At locations across the country, employees serve meals at soup kitchens and homeless shelters, support Toys for Tots and Adopt-A-Family programs, and participate in ceremonies to honor veterans.

WHY DID C&S PLANT TWO TREES FOR EVERY EMPLOYEE?

BECAUSE WE CARE ABOUT OUR PLANET.

SUPPORT FOR THE CONSERVATION FUND

For nearly a decade, C&S has strongly supported the work of The Conservation Fund, one of the nation's most respected and effective environmental organizations. Each year, we make a donation to the Fund's Go Zero® carbon-offset program, which restores native forests for wildlife and helps reduce global warming by trapping carbon dioxide (CO2) in trees. This year, as part of a "Roots for Employees" initiative, The Conservation Fund planted two trees for every C&S employee.

SUPPORT FOR THE STUDENT CONSERVATION ASSOCIATION—AND OUR VETERANS

Created in 2010 in cooperation with the US Forest Service, and expanded into an AmeriCorps program in 2012, the Veterans Fire Corps of the Student Conservation Association trains and engages teams of military veterans in wildland fire mitigation. Veterans are trained in all aspects of firefighting and fire prevention, with the goal of helping them learn marketable skills and expertise in an environment that builds on their military training and teamwork. C&S is proud to support this program that benefits wilderness areas and our veterans.

MEASURING UP IN 2016

1,045,000 ENERGY-SAVING LED LIGHTS

installed in C&S distribution centers in the past 24 months, saving 17.2 million kWh annually

46,340 TONS

of cardboard, plastic, and wood recycled

29,264 POUNDS

of electronics recycled

28 ACRES

planted with trees through our partnership with The Conservation Fund (the equivalent of 21 football fields)

45 MILITARY VETERANS

trained by the Veterans Fire Corps program

386 TRACTOR CABS

replaced with fuel-efficient/lower emission models

FOOD FOR THOUGHT

Approximately 500 billion plastic bags are thrown away each year around the world. These bags, manufactured from petrochemicals, can take up to 1,000 years to decompose. Recycling bags is one way to help conserve the planet. (You can even build your next deck using a composite of wood and plastic bags!)

REDUCING EMISSIONS

As a grocery distribution company, C&S moves a lot of food across the country – and that can mean a lot of fuel consumption. This year, our company replaced 35% of our truck fleet with new, fuel-efficient tractors. These trucks get up to 40% better fuel economy while producing lower emissions.

GET INVOLVED

You're driving a fuel-efficient vehicle, watching your thermostat, and washing your clothes in cold water. For more ideas on eco tips for a sustainable lifestyle, visit globalstewards.org.

Q

WHAT DO WE GIVE THAT'S EXTRA-ORDINARY?

A

OUR HEARTS, OUR HANDS, OUR TIME.

When it comes to doing good, there's no donation as effective as a big heart and willing hands. At C&S, we are proud to support many employees who pitch in and make a difference in their communities by volunteering. In 2016, company volunteers rolled up their sleeves with gusto on projects of all types where they live and work.

NATIONAL VOLUNTEER MONTH

In April 2016, employees at C&S and our family of companies accomplished 35 community projects. Volunteers sorted food and packed boxes at food banks, served meals to individuals in need, cleaned up neighborhoods, planted a vegetable garden at a school, painted at shelters, and made repairs at a Girl Scout Camp, and more.

MEASURING UP IN 2016

4,700+ HOURS
of community service by company volunteers

1,500+ EMPLOYEES
volunteered

424+ PROJECTS
accomplished

MEET MATT DEAN 2016 C&S VOLUNTEER OF THE YEAR

Our company was pleased to honor Matt Dean as our 2016 Volunteer of the Year. Matt has worked at C&S since 2008 and is a senior analyst for the tax team at C&S corporate headquarters in Keene, NH.

Over the span of 12 months, Matt volunteered more than 1,000 hours for the Hillsboro Youth Athletic Association in New Hampshire, a nonprofit organization that sponsors sports programs. He gives back year-round, coaching kids ages 5 to 15 in soccer, softball, and basketball. Matt also serves on the organization's Board of Directors.

“First and foremost, I aim to be a positive role model for children by teaching good sportsmanship. Playing sports allows kids to create a circle of friends and keeps them active, so they're not sitting on the couch watching TV or playing video games.”

— Matt Dean

MAKE YOUR MARK ON HUNGER

To inspire the next generation of volunteers, C&S provided financial support for Make Your Mark on Hunger, an initiative of generationOn, the youth service division of national volunteer organization Points of Light. Make Your Mark on Hunger mobilizes young people to volunteer while developing leadership and problem solving skills. More than 33,000 young people tackled Make Your Mark on Hunger projects in 2016.

FOOD FOR THOUGHT

According to a research study, people who volunteer not only have lower rates of heart disease, chronic pain, and depression, they also report higher levels of energy, happiness, and life satisfaction. Now that *is* food for thought!

GET INVOLVED

Volunteering is good for your community—and good for you! To get involved where you live, contact your local United Way or visit allforgood.org, which matches people with volunteer projects of all kinds. Younger volunteers can check out opportunities at generationOn.org.

Q HOW DOES C&S RESPOND TO DISASTERS?

A RIGHT AWAY.

HOW CAN WE HELP?

When disaster strikes, “How can we help?” is our response. In 2016, C&S stepped up to help meet the critical needs of communities that were hard-hit by Hurricane Matthew and other disasters.

FLOOD RELIEF IN LOUISIANA

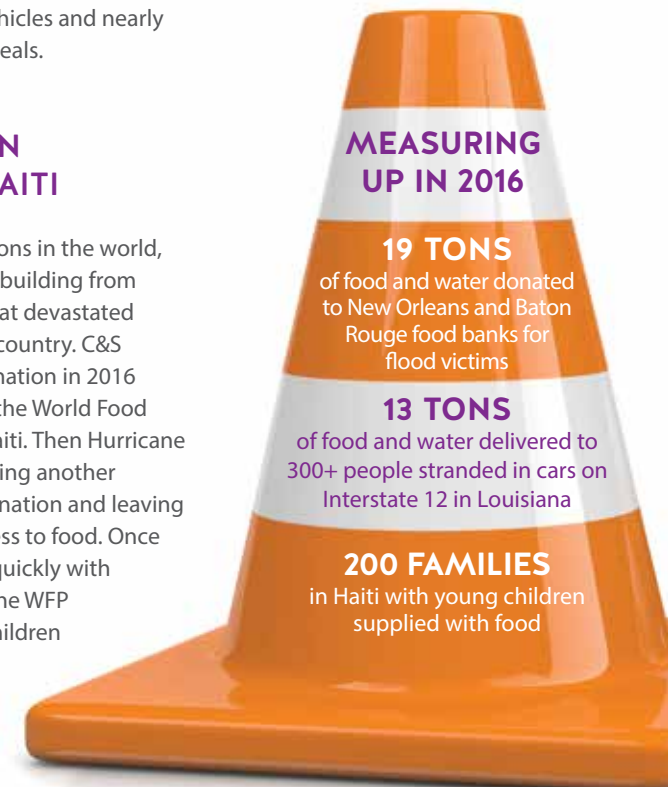

In August 2016, extended rainfall in Louisiana led to record floods that submerged more than 40,000 homes and businesses, killed 13 people, and stranded thousands without food, water, or shelter. With C&S employees and a distribution center in Hammond, LA, we had a very compelling reason to help as much as we could. C&S responded with a financial contribution to support the American Red Cross, which sent more than 1,000 volunteers to the scene along with 60 disaster response vehicles and nearly 40,000+ ready-to-eat meals.

HUMANITARIAN SUPPORT IN HAITI

One of the poorest nations in the world, Haiti has been slowly rebuilding from the 2010 earthquake that devastated significant areas of the country. C&S had already made a donation in 2016 to support the work of the World Food Programme (WFP) in Haiti. Then Hurricane Matthew struck, delivering another setback to a struggling nation and leaving thousands with no access to food. Once again, C&S responded quickly with financial assistance to the WFP to help mothers with children under age five.

AFTER MATTHEW, RELIEF BY THE TRUCKLOAD

Late in 2016, following massive flooding and power outages caused by Hurricane Matthew, C&S donated food and ice to communities in Georgia, North Carolina, and South Carolina. In total, five truckloads of ice were given to the State of Georgia Emergency Management Services and to Second Harvest Food Bank of Southeast North Carolina. Five tons of food was donated to the Harvest Hope and Lowcountry Food Banks in South Carolina.

FOOD FOR THOUGHT

The number of deadly hurricanes and catastrophic floods in the U.S. has risen sharply in the last two decades, along with government spending for disaster response. In recent years, disaster relief spending has averaged about \$43 billion a year—or about \$400 per U.S. household.

HOW YOU CAN HELP

Disasters affect millions of people each year, destroying homes and devastating lives. These national and global aid organizations are worthy of your support:

- American Red Cross
- OXFAM
- Doctors Without Borders
- The World Food Programme
- CARE

WHO ARE THE C&S FAMILY OF COMPANIES?

PEOPLE SERVING PEOPLE.

With our continuing commitment to new technologies, C&S is dramatically changing the cost curve of what we can deliver in terms of service and value to customers.

FROM OUR RACKS TO YOUR SHELVES

Founded in 1918, C&S has grown to become America's leading grocery supply chain company. We supply independent supermarkets, chain stores and institutions with a wide range of products, from more than 50 high-tech facilities. Meet our family of companies:

C&S Wholesale Grocers, Inc., New Hampshire (headquarters)
C&S is the largest wholesale grocery supply company in the U.S. and the industry leader in supply chain innovation. Our company services more than 14,000 independent supermarkets, chain stores, military bases, and institutions with over 140,000 different products.

ES3, Pennsylvania (flagship)
ES3, a technological innovator, uses advanced automation and collaborative warehousing to make the supply chain faster, more efficient, and more profitable for manufacturers and retailers of all sizes. ES3's network spans the entire U.S. and includes the world's largest automated, multi-manufacturer warehouse.

Grocers Supply, Texas
Grocers Supply is the largest wholesale grocery supplier in Texas. Based in Houston, Grocers Supply serves customers of every size, from single store independent retailers to chains.

Hansen Distribution Group, Hawaii
Hansen operates throughout the Hawaiian islands, servicing restaurants, schools, hotels, and more. The company distributes dry, refrigerated, and frozen foods, as well as non-food items.

Symbotic, Massachusetts & Canada
Symbotic has developed proprietary and innovative robotics and software to deliver an advanced automation solution to make the supply chain faster, more efficient, and more profitable for manufacturers, distributors, and retailers of all sizes.

FreshKO Produce Services, California
FreshKO specializes in the sourcing and distribution of fresh fruits, vegetables, and related items to independent grocery stores, chains, retailers, and restaurants throughout California, Oregon, Nevada, and beyond.

C&S IS GROWING

In 2016, two companies and 200+ employees were welcomed to the C&S Family of Companies:

Davidson Specialty Foods Connecticut

Davidson provides direct store delivery services for over 6,000 specialty, kosher, and ethnic products to independent and chain retailers across New England and the New York metropolitan area.

Edsung Foodservice Company Hawaii

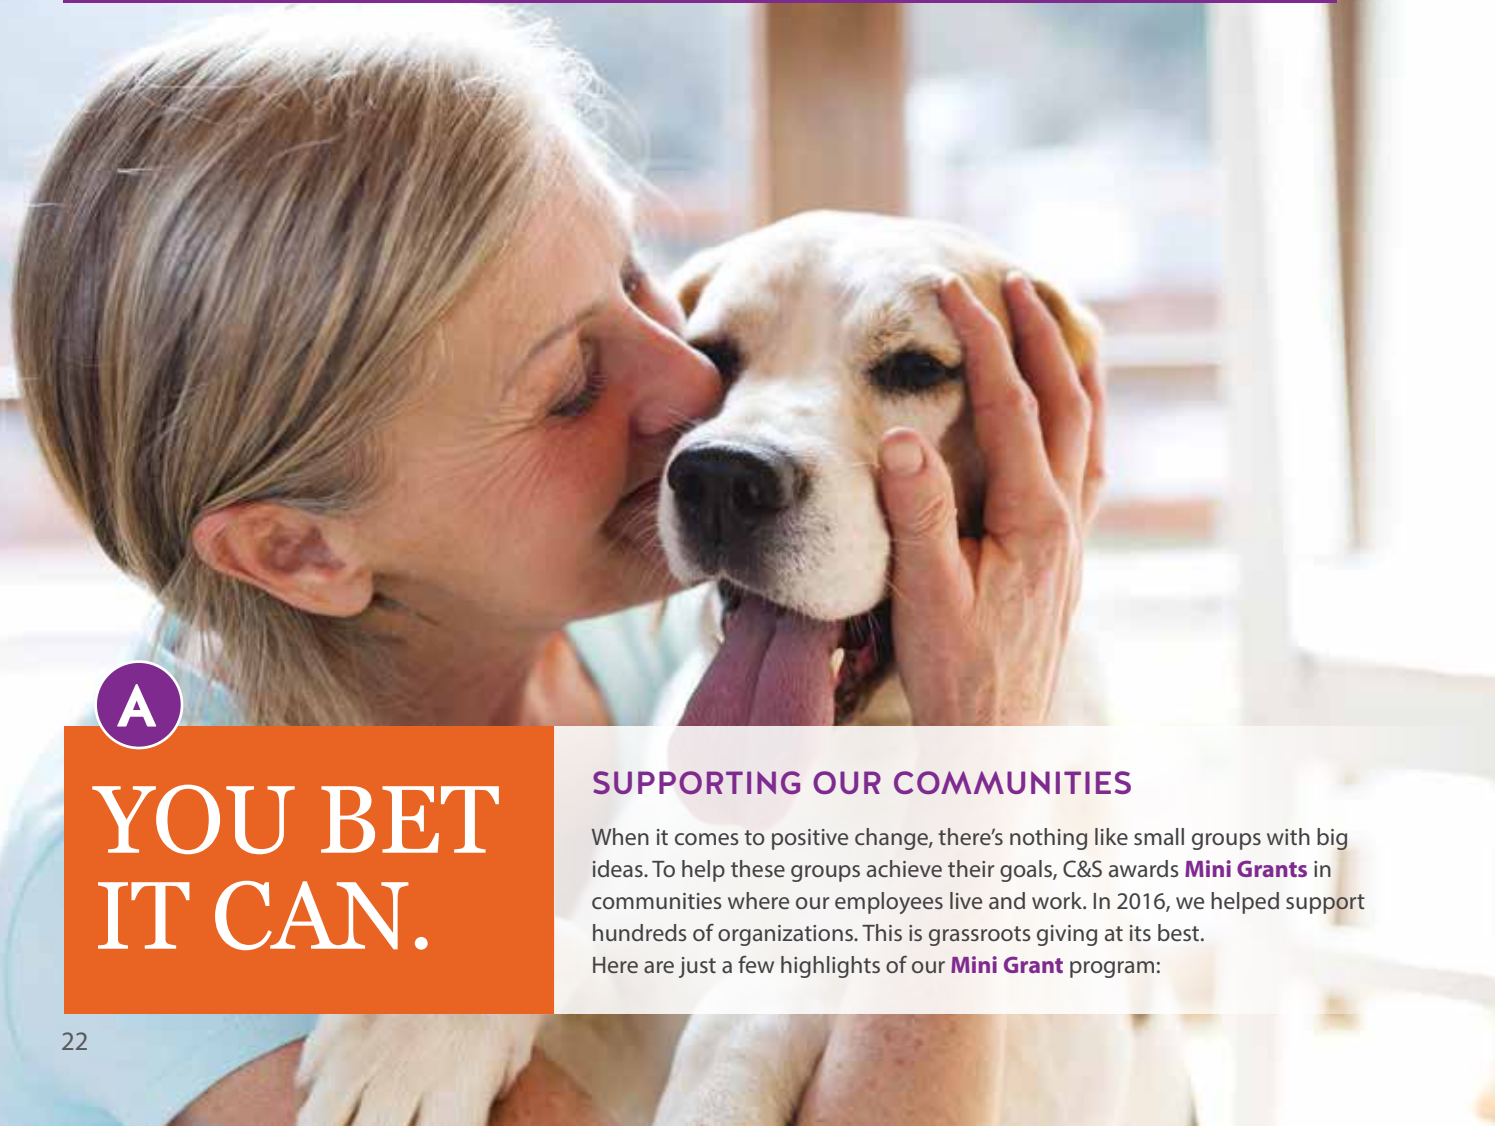

Edsung, which specializes in bakery and restaurant supplies, was consolidated into the Hansen Distribution Group.

EXPERTISE IN TECHNOLOGY / LOGISTICS / WAREHOUSING

CAN A MINI GRANT MAKE A BIG DIFFERENCE?

YOU BET IT CAN.

SUPPORTING OUR COMMUNITIES

When it comes to positive change, there's nothing like small groups with big ideas. To help these groups achieve their goals, C&S awards **Mini Grants** in communities where our employees live and work. In 2016, we helped support hundreds of organizations. This is grassroots giving at its best. Here are just a few highlights of our **Mini Grant** program:

THE ANIMAL FOOD BANK OF THE LEHIGH VALLEY

Bethlehem, PA

In times of economic distress, many pets are surrendered to shelters because their owners can't afford to feed them. The Animal Food Bank of the Lehigh Valley helps keep companion animals in loving homes by supplying low-income families, seniors, and disabled individuals with pet food. A C&S Mini Grant helped ensure that dogs and cats can stay with the people who love them.

CAN DO HOUSTON

Houston, TX

CAN DO Houston addresses the issue of childhood obesity through an innovative approach called Healthy Corner Stores. Through this initiative, six "corner stores" have been created in communities where healthy, fresh food can be hard to find. A grant from C&S is assisting CAN DO in eliminating urban food deserts in the city.

ENFIELD FOOD SHELF

Enfield, CT

Each week, the Enfield Food Shelf serves an average of 340 families in their mission to ensure that no one goes hungry. In 2016, EFS held a fundraising dinner and fashion show called "Hunger Takes No Vacation." The event, a collaboration of local food pantries and soup kitchens, served as a reminder that food pantries experience a significant drop in donations in the summer months—a critical time for families whose children have lost access to free school meal programs. C&S was proud to provide a donation for this fundraising event.

SAN JOAQUIN COUNTY MEALS ON WHEELS

Stockton, CA

Millions of older Americans are homebound due to frailty or chronic illness. These seniors frequently suffer from malnutrition and isolation. Home delivery by volunteers at San Joaquin County's Meals on Wheels provides a nutritious meal and daily check-ins for elderly people in the community. C&S is honored to provide support for this essential program.

HUNDRED NIGHTS EMERGENCY COLD WEATHER SHELTER

Keene, NH

Winter nights in New England can be lethally cold—which is why the Hundred Nights shelter was opened in Keene, NH in 2010. Hundred Nights provides emergency shelter for homeless people. The Shelter has grown and now serves hundreds of men, women, and children on the one hundred coldest nights of the year from late December through March. C&S is proud to help support Hundred Nights' compassionate and lifesaving work.

ON COURSE FOUNDATION

Orlando, FL

On Course supports veterans who have been wounded while serving our country. Golfing creates a level playing field and provides these heroes with a path to mental and physical recovery, improving balance and limb coordination. Camaraderie, competitive spirit, and concentration are important in golf and contribute to psychological healing and self-confidence. This organization helps injured vets transition from military service to new careers in the golf industry. C&S is proud to support this creative and innovative program.

MAULDIN FIRE DEPARTMENT

Mauldin, SC

Fighting fires is dangerous work, especially in the heat of a South Carolina summer. In previous years, C&S has provided Mini Grants to help the Mauldin Fire Department purchase equipment and protective gear. This year, we helped firefighters stay hydrated by donating bottled water to last the entire summer.

WATER EDUCATION FOUNDATION

Sacramento, CA

Periods of drought are common in California, and water conservation is critical to the state's people, wildlife, and economy. The mission of the Water Education Foundation is to create a better understanding of water as a resource and to foster educational outreach. A C&S grant will help the Foundation continue its valuable work.

EDISON WETLANDS ASSOCIATION

Edison, NJ

In 1989, residents of Edison noticed something peculiar: wild rabbits with green fur. Toxic waste from a Superfund site was not only affecting animals, it was threatening the health of local families. The Edison Wetlands Association was founded in response. It has become New Jersey's leading force for toxic waste site cleanups and the restoration and conservation of environmental resources. A grant from C&S will help the association continue its work to clean and restore local wetlands.

NORTH FLORIDA LAND TRUST

Jacksonville, FL

In a state that has experienced explosive development, the North Florida Land Trust is committed to protecting and preserving the region's natural heritage. The Trust focuses on protecting land that is ecologically, agriculturally, and historically significant and has successfully protected thousands of acres. Support from C&S will help ensure these important lands will be protected and enjoyed by future generations.

2016 C&S COMMUNITY INVOLVEMENT REPORT PARTIAL GRANTEE LIST

Together with these organizations, C&S is helping bring positive change to the world we share. Here are just some of the community, civic, and charitable groups we supported in 2016:

NATIONAL NONPROFIT ORGANIZATIONS

American Red Cross

This report is printed on Accent Opaque® produced by International Paper. The paper is certified by the Forest Stewardship Council and the Sustainable Forestry Initiative. It is produced in Ticonderoga, NY at the only paper mill in the country located inside the boundaries of a national park; it operates under strict air and water emissions guidelines. Approximately 70% of the energy used to run the mill comes from carbon neutral biomass.

Printed with pride by the C&S Print Shop in Brattleboro, VT using vegetable-based inks.
